Re: District Tournament Information

The site manager is responsible for all details of the tournament including the preparation and distribution of tournament information bulletins to participating schools, securing tournament personnel, equipment, supplies, etc.

Personnel

OFFICIALS: The site manager will assign all tournament officials. Site managers will be responsible for contacting assigning secretaries with regard to when and where officials are to report. Site managers will make individual match assignments based on the number of matches needed to complete the tournament.

LINE JUDGES: All will be paid \$15.00 per match, no expenses. Please use local adults or assigned officials who are not working the match. Assigning secretaries may be able to furnish line people for you.

WORKING PERSONNEL: Pay scale for site managers and other working personnel should be adhered to (guidelines at the District 6 website, www.ncwaa.org) and any unusual expenses anticipated by managers should be cleared through the District 6 Director before tournament play begins.

It is NOT necessary to hire crowd supervisors as each participating school is obligated to furnish ADULT supervisors on request of the tournament manager.
